EKET DEVELOPMENT CONGRESS USA INC. **EKET COMMUNITY UNION, LONDON & ISLAND**

On October 24, 2009, Eket Development Congress USA Inc. contingent led by the EDC National president arrived London England to support, witness and patronize its sister association Eket Community Union in London to celebrate and launch its Computer Resource Centre project in Eket.

The theme of the event was commemorating the Computer Resource Centre (CRC) to be established in Eket for the benefit of the youths. It was a well-attended event as the organizers were able to bring together a good cross section of the Nigerian communities as resident in England and Island.
